Summary of Background

I'm a senior at Westlake High School. I have been writing code for 2 years and have some experience with C# and C++. I am currently in Programming II, concurrent enrollment at Utah Valley University. I have also studied web design and development for 2 years. As a hobby I like to create 3D models using Blender 3D creation suite. I enjoy graphic design and using the Adobe Photoshop and Illustrator programs, from classes taken while at Westlake High School.
